Tired of the same old social media platforms? So were we. That's why we now have Choice! Choice is a free app to create and share social polls with your followers. From 'Who wore it better?' to 'Celeb with no makeup- still #HotOrNot?', Choice is the platform for you. Create content to engage and expand your fan base in a new and exciting way!

Promote your content with polls and prediction questions. Ask with images, instantly collect data on votes, and share to other social networks. Link all your posts back to your blog and create a community around your brand with posts, groups, and discussions. As a contributor, you can become a Choice social influencer and be a part of the next big trend in social media!
